What's Happening at Little Britain United Church

August 2021

Worship Service News

Outdoor worship services will be held at 10:00 am on August 8 and 15. After the 15th, there will be a break in worship services while our Minister takes a well-deserved vacation. Plans are to resume services on September 12 in our church building, at which time Communion will be served. More information will be sent out by email later this month or early September with an update on plans for worship services with consideration of the current Provincial Public Health Orders for indoor gathering requirements such as capacity limits, physical distancing and the need for masks.

Fundraising News

A yard sale will be held at Little Britain United Church in September. Please consider setting aside some gently used items for donation to this annual event. More information on the date, times and collection of donations will be provided in early September.

New Church Roof

Check out the picture above featuring the new church roof! Special thanks to Caring for the Space Team: John Verhoeven, Pete Slobodian, Judy Rekrut, Tom Greenham and Luquitas De Boer for their work on this important project.

Little Britain United Church was successful in receiving the Manitoba Heritage Resources Conservation Grant of \$22,360 as a contribution towards half of the roof restoration costs.

The church also received \$20,000 in Bridge Grant funding from the provincial government to help alleviate financial pressures. This assistance was provided to eligible businesses and organizations that were required to fully close their premises to the public as a result of Manitoba COVID-19 Prevention Orders.

Correction to July 2021 Newsletter – Affirming News

There was an error in the spelling of Charlie Johnston and parents, Mildred and Stan Johnston's surname. Our apologies for this error.

Charlie was one of the artists involved in the mural located at 260 Superior Avenue in Selkirk.

July 30 Storm Update

The new roof fared well during the July 30 wind and rainstorm that hit the area. However, we lost some trees in the cemetery area and the fallen branches resulted in some damage to a few of the grave stones. It is expected there will be coverage for this damage under the church's insurance policy.

Thanks to Susan and Pete Slobodian for these photos and helping with the clean-up.
